EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Response to Amendment

1. Applicant's amendment filed on November 16, 2005 has been fully considered and entered.

Reasons for Allowance

2. Claims 1, 4-11 and 14-16 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The Terminal Disclaimer, filed on November 16, 2005, is effective to overcome the obviousness-type double patenting rejection under copending application No. 10/754,630, now U.S. Patent 6,964,525.

The prior art of record fails to disclose or reasonably suggest a method and an apparatus of a connector ferrule for an optical connector with a pair of guide hole for guide pin insertion and one or a plurality of optical fibers positioning holes extending inwardly from the connection end surface, wherein the connector has a filler with an average particle size of no more than 40 μm and a chamfer provided at the opening edge portion of the guide hole in combination with the other limitations of claims 1 and 11.

Claims 4-10 depend from claim 1.

Claims 14-16 depend from claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
